Aramith Billiard Balls

Saluc, produce and distribute the world's finest billiard balls under the famous Aramith brand in more than 85 countries worldwide. The company also specializes in the production of balls used in many applications such as bowling balls and trackballs. Saluc's world class chemical plant in Belgium manufactures the phenolic resin from which the balls are made. The balls are produced to precise tolerances which give them their exceptional performance characteristics. Whichever cue sport you play the professionals almost always choose Aramith for the unrivalled quality, accuracy and consistency. No other brand comes close to the performance. "The Aramith phenolic balls last up to five times longer than other brands and are manufactured to the very highest European quality and environmental standards." said Yves Bilqiin, Saluc's COO. SUZOHAPP are a main stockist and distributor of a wide range of Aramith products.
